Katherine,

THANKS for the call back - APPRECIATED!

Attached are the documents I mentioned in our phone conversation. Any support that the Governor might provide is appreciated. I should also mention that I am doing this with Pastor Sam Wade - - I am white and he is black. We want to see families restored and we also want to see the churches of SC get past the historic blockade and division based on color.

This is the link to the article from which the statistics in the flier were taken.

My cell phone is 803 413 3509. I hope the Governor will have a representative from her office at the breakfast tomorrow. This is a huge issue in SC and it will take resources from every element of our culture to realize effective resolution to this very endemic and very difficult issue.

Again, MANY THANKS for the call. We will keep you informed of what transpires as a result of this initiative.

In Grace,

--
