FYI – our 2011 Local Government Finance Report is out and available on our website, but I have attached a copy for your convenience.

We are working a new web site where this data will be searchable and can be downloaded in excel; however, that option will not be available for a few more months. In the meantime, if you have a research need, we can provide these files to you in an excel format so you do not have to re-key the data.

Let us know if you have any questions,  
Frank
