Gone are the days of complicated treatments that necessitate facility closures; Strike® Professional Midge Control protects facilities *without disrupting productivity.*

Strike® Professional Midge Control contains an insect growth regulator that stops the reproductive cycles of midge flies in order to eliminate the next generation. With continued use, it prevents new infestations from occurring. Its formulation is a water-based liquid concentrate that is eco-friendly for the community.

Visit <a href="#">StrikeProducts.com</a> to learn more about Strike® Midge Control Products	<a href="#">Wastewater Whitepaper</a> Learn more about identifying midge flies, understanding their life cycle and how to treat them	Strike® products are manufactured by Central Life Sciences, a strategic business unit of Central Garden & Pet (NASDAQ: CENT)
