Hi. My contact information was left in a message to Santee State Park this morning. I left all the details regarding my concerns. My number is 843-455-7077.

Santee State Park called me son sometime yesterday after I left my voicemail and took care of his refund. He is a police office who works nights, so I don't connect with him during the day so as not to wake him up. I wanted to let you know it had been handled and that I appreciate it.
