Camlin/Swati –

I wanted to get everyone on the same page here.

Swati is going to get DOT to send us over video of today's meeting.

When we get that video, we need to clip a few segments of it – particularly some of Clifton Parker's quotes – and get those up on YouTube so that we the legislative shop send them around to legislators.

Swati – can you please let Camlin know, once we get the video in the door, what you would like for her to clip and make a video out of.

Once these clips are up online, we will send these out to the General Assembly, and press will probably get ahold of it.

Thanks all.
