Subject: Re: Rob and Chaney: Meeting place for 1:30pm mtg today Re: PSA?

Ok,

Great to meet with everyone yesterday. Very excited to get started. Here is my intended framework for the video. Questions.

1. How did you feel when you realized the flood was really happening and was going to be a huge disaster?
2. What was the real effect on our state (how did it physically effect the lower end and higher end neighborhoods the same, how did we react as a state?)
3. How long will these folks be going through this?
4. How would you ask South Carolinians to donate to the fund? (and mainly everyone should make the ask in their own way)

We'll take the answers to these questions to construct the narrative that this was something that affected every South Carolinian. Even those with much means felt the impact. There was a swarm of volunteership which was awesome, but we need to fund the groups that are helping so that they can continue to improve conditions for those that were directly affected and will be affected for a long time. This narrative can translate to a longer version (2:30 minutes) a :30 and a :15. With the :30 and :15 being cut to audio for radio as well.

This is a starting point. Thoughts?

Yes! Which is best entrance, is there parking or should we park offsite, and which floor/office (or will the security folks just point us in the right direction)?

There will be 4-5 of us from the Flock and Rally team, Bill Grant from Pull Brand Stories and JoAnn Turnquist of the Community Foundation.

Subject: RE: PSA

Good afternoon!

Thrilled that you all would like to move forward with PSA for One SC Flood Relief Fund.

We will confer briefly on possible timeline and circle back around shortly.

Meanwhile, a couple of questions to get us started:

1. Can we schedule a phone call or in-person meeting this week to establish goals, vision and scope of project, as well as review assets at hand? If so, when are your available windows of time? As of now our most flexible day is Friday, but we need to get lined up with our video director's schedule too. Checking with him.

2. Does the Governor's office already have access to still photos and video from flooding that could be used as assets for this piece? Might as well get ball rolling on that since digging into archives (even recent ones) can take time.

Many thanks!

Thank you Holly.

We will need your help in alerting the advisors and getting their contact information (or the contact information for the person that schedules their time). It would also be very helpful if the Governor could impart a sense of urgency to the advisors so we can get the PSAs scheduled quickly. Thank you for your help.

Is there someone on your team who will be Tracie's main point of contact? Please let us know.

Subject: Re: PSA

Hi JoAnn!

\$10K is a very rough estimate for filming multiple personalities in multiple locations on multiple dates (if they want to go the route of featuring One SC board members, for example) and would be inclusive of scripting, scheduling, location logistics, simple screen graphics and editing with multiple revision rounds in pre- and post-production, as well as multiple edited lengths for the segment (for example, 3 min, 1 min, 30 sec, 15 sec) for various uses.

The rate would not be inclusive of fees to pay talent, fees to rent locations, music license fees (for broadcast can be anywhere from \$150-infinity depending on the song), costuming/props or ad buys to purchase time to air the PSA. We like to handle such media buys through our media buyer, Buonasera Media, who also represent SCE&G and thus are able to procure excellent rates and air times due to their longstanding relationships with media outlets. Fees would be expensed to the client and -- like all of our expenses -- approved by the client in advance.

However, if the shoot is simpler, with limited shoot dates/locations/talent and minimal revision rounds on the front and back end, the rate could be lower.

We love to work with Bill Grant of Pull Brand Stories, with whom I think you've worked before, on the humanitarian of the year award for United Way (Judy Davis): <http://www.pullbrandstories.com/>

Thanks!

Hi Tracie.

The Governor's office in learning more about the cost of, and what's included, in a PSA. Questions follow:

What is included in 10,000 for PSA?

Is that drafting of commercial and placing of the PSA or just filming?

Can you help me answer these questions?

Thanks!

JoAnn Turnquist
