Katherine,

Tom Clegg from Greenwood called, he had questions about how to protect his business in light of the security breach. I know you provided us with a contact for help with questions like this, but can't for the life of me find that info. Could you please forward me that contact information again and also pass along Mr. Clegg's information to her and ask that she touch base with him directly to answer any lingering questions he has. I did share the attached with him. Thanks.
