Thoroughbred Country, has featured the SC State Parks in their region on their facebook page! Check out some great photos of Redcliffe Plantation, Rivers Bridge State Historic Site and Aiken State Natural Area.

### Thoroughbred Country South Carolina

© Thoroughbred Country South Carolina

**Pat Savko Levi** Visited all 3 of these areas last week for geocaching...had a great time in spite of the heat. The magnolias at Redcliff are magnificent and they were still in partial bloom. We love the SC state parks...we live right next door (almost) to Edisto Beach State Park.
