Good Morning Ted and Katherine,

Attached is some information about the Midlands Tech's library project which will be on the next B&CB agenda. It was on the last JBRC agenda and was passed out without discussion. The cash is on hand and there are no increases to any students for construction. The summary should answer any questions but Please let me know if you have any that it doesn't and I would be happy to come down to the office. We appreciate you taking a look. We are talking with all five members of the board.

Thanks

Ben
