Hi Steve,

It was a pleasure meeting you in your office last week. I want to welcome you to our wonderful aging community! I'm glad we got to meet and discuss the important work you will be doing for the Office on Aging.

Please let me know how I can help with your new efforts to promote aging in South Carolina. As promised, I am willing and able to help promote cabinet restructuring and feel, as you do, that the Department of Aging is not the right home for the Office on Aging.

Please never hesitate to reach out!

Best,

Nikki
