Swati,
The decision was made to have Duane send a letter several months ago. I'm happy to talk about this if you like.
Josh

Jim has asked for this letter multiple times through different channels. Policy decided lastly that this is something she shouldn't do...I have copied Josh as he is the last one to handle this request and talked to PRT. Y'all let me know what you decide and then I will prepare what is needed.

Thanks!

Katherine,
This is a request to the Governor to support Congress designating a battleground in Camden as a national historic site. A group has asked that she send the attached letter to the National Park Service. Duane Parrish has sent a letter and the General Assembly has sent a resolution. I recommend that she do this. I will send you what they sent as a reference.

Thanks,
Swati

Jim, at last! Sorry it took so long. Thanks for your help. Joanna
P.S. Jimmy has done a great job!
