Subject: Network of Care for Behavioral Health Expands in North Carolina

Hello,

Alliance Behavioral Healthcare has announced the launch of the [Network of Care for Behavioral Health](#) in Wake County, N.C. This unique and comprehensive outreach tool enables consumers to find services; programs; support groups; news; online recovery tools; early intervention information, and much more.

The Network of Care's "virtual community" brings the most valued resources together from around the country. This boost in information outreach makes it much easier for consumers and families to get the assistance and knowledge they need, when they need it.

"Alliance is pleased to have partnered with Trilogy and Wake County Government to make this robust and comprehensive online resource available to its citizens," said Alliance CEO Rob Robinson. "It is a true reflection of our commitment to a system-of-care approach to meeting the diverse needs of the people we serve."

The Network of Care was piloted in California but now is in hundreds of counties throughout the nation. If you have any questions or would like a more in-depth demonstration of how the Network of Care works, please contact me at BBronzan@trilogyir.com or (415) 458-5900.

Thank you,

Bruce Bronzan, President
