

Governor,

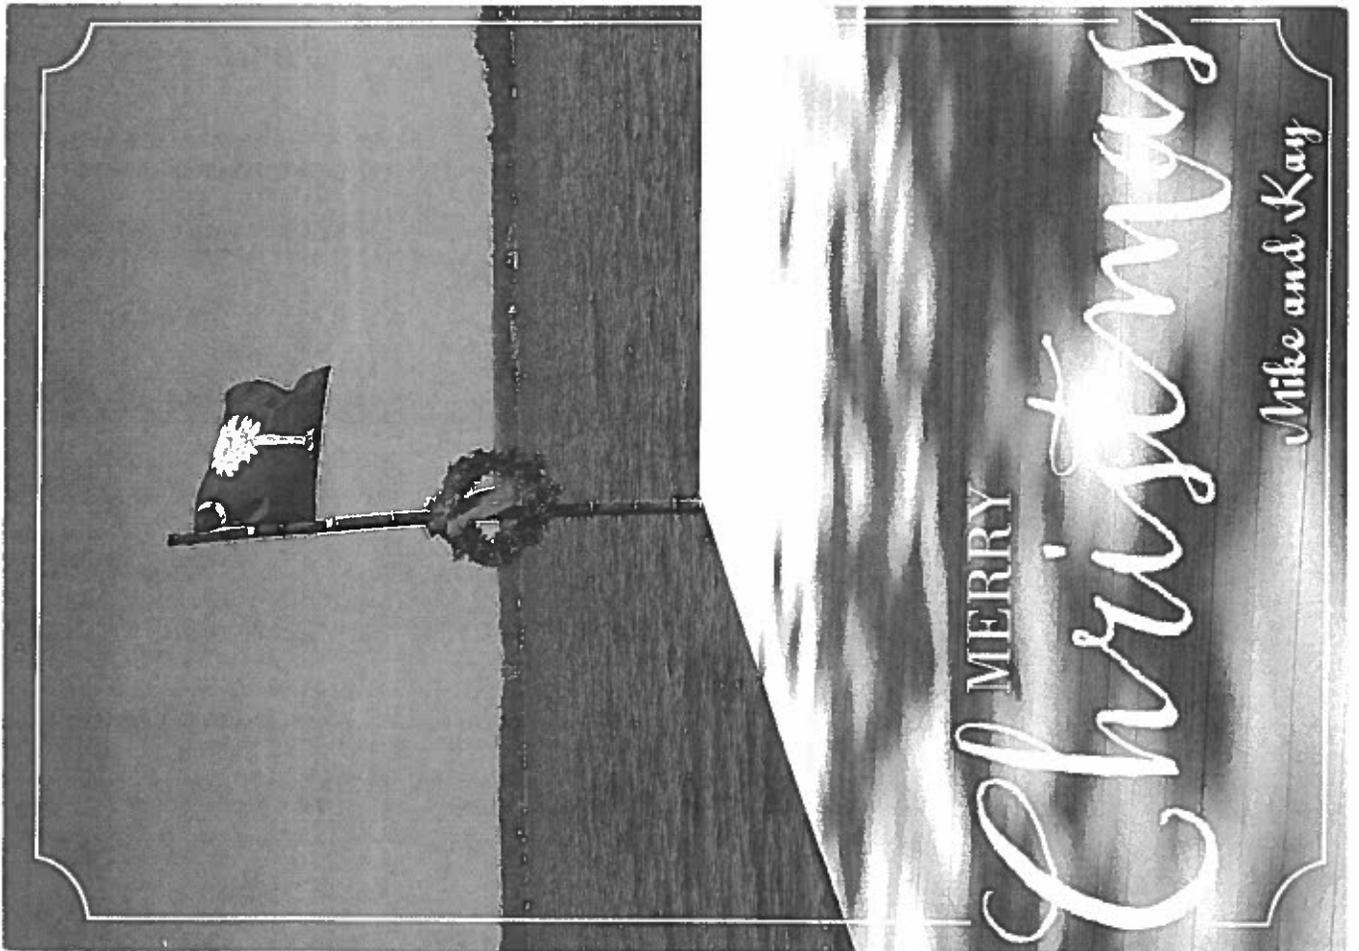

I wanted to write to Thank You for your recent help. Frustrated, as I am in my 9<sup>th</sup> month of unemployment, I had written you to complain about the job board on the SCIWAY website not being updated and while I had you, I asked you/your office to acknowledge my Father, your fan-James Cook's 83<sup>rd</sup> birthday. A gentleman from your Dept of Admin called me and my Father received a letter from you. I can't decide which of my parents were more elated. It was a hit to say the least.

Me, I am still looking for a position in the Columbia area. Being a Christian, a believer in the Sovereign God, I am an eternal optimist.... I know that it is coming.

In July, as I sat on my dock on Lake Murray, my wife popped up with a Christmas Wreath, some string and her camera.....we wanted to send you, Mr. Haley and your Children a wish for a Merry Christmas!

Mike
