Subject: MEDICAID APPLICATION PENDING #4781967333

Good AM!

I was hoping that I could get some help with getting a application approved with Medicaid. It has been pending since March 22, 2017. My Mother Lillian Saunders is in a nursing home at White Oak Manor in Charleston, SC, and we have applied for benefits when her physical therapy and insurance expired that was paying the nursing home. Time is of the essence, so if there is anything you could do or give me some tips to hurry the process I would be very grateful.

Thanking you in advance.

Sincerely,

--
