In celebration of Earth Day, Sadlers Creek State Park sponsored the Plant a Tree Get in Free Program! We had three trees planted by the following folks: the Chiswell family of Anderson (center) planted a red oak, Webelo Pack 15 of Anderson (right) planted a dogwood and BSA Troop 711 (top) planted a red oak. Here they are with their trees at the park. Cub scouts will be planting 20 more trees at Sadlers Creek this coming weekend. Thank you all so much!
