Subject : Re: Recleim Graniteville SC - recycling the appliances, heating and air conditioning systems

Austin - First loop in DOT. DOT is the lead agency on debris removal, not FEMA, and can best advise on this partnership.

> This is Doug Huffer, President of Recleim in Graniteville SC. In response to communication from Tom Youngs office, Recleim would like to know how we can assist with the storm damage in so much of recycling the appliances, heating and air conditioning systems etc at our facility here. With the Governors and your office backing this project since the beginning it seems like a great solution instead of sending them to junk dealers and or land fills.
