**ANNOUNCEMENT:**

The Administration for Community Living (**ACL**) of CMS chose the University of Minnesota, Research and Training Center on Community Living and Support Development Associates along with Elsevier/**DirectCourse** to create new training content that supports the “**No Wrong Door**” (**NWD**) system.

The new Person-Centered Counseling function within the No Wrong Door System serves as the formal ‘point of entry’ into **LTSS** for individuals and their families who need, or may at some point need, **LTSS**.

The online training program (along with the in-person component) is designed to help states develop the personnel and community knowledge base and the expertise needed to meet the vision and goals of **NWD**. The attached pdf file details the **PCC** content which will be **available January, 2016**.
