The Honorable Nikki R. Haley
Office of the Governor
1205 Pendleton St.
Columbia, SC 29201

The Honorable Nikki R. Haley:

I am a lifetime resident of our great state and I have supported you since your humble beginnings running against Larry Koon. I also appreciate all that you have done to bring jobs into South Carolina and your fight against labor unions. I do believe we are at a point in South Carolina where we need to start looking out for the worker's rights. I understand that this is a "Right to Work" state, but that also means it is a "Right to Fire" state as well. I was involved in a workplace accident in March of this year and was terminated because of this accident. There were several safety issues involved with this accident but I was terminated on some made up rules violations. I was a model employee for almost 13 years and now I have nothing, I could not even get unemployment. At what point do we sacrifice our workforce just for tax dollars?

Sincerely,
