DEW Executive Director Cheryl M. Stanton's Statement

November 2014 Employment Situation

“In November, South Carolina employers added 14,200 additional jobs to their payrolls, breaking the all-time record set in January 2008. Furthermore, there are a record number of people working in the labor force. This type of record-setting employment growth, along with labor force expansion, points to continued economic prosperity as the year winds down, and we look forward to 2015.”
