Subject: FW: Documents requiring the Lt. Governor's signature

Debbie and Hank,

Here is an update of the information I collected yesterday afternoon from the team leaders.

Reports for LTG and Pending Actions with State House Office

Copies of email replies from team leaders.

From Kevin (IT)

The main report for AIM is the NAPIS, which is due at the end of January. The NSIP is a subset of NAPIS and is validated in March. (Doesn't require the LTG's signature.)

The IT Planning is something I submit electronically to DTO (formerly DSIT). The Security Self-Assessment is actually kept internally and doesn't require the Lieutenant Governor's signature.

The only major outstanding issues for Debbie's are the web redesign (which we were waiting on her to bring some providers to the table) and a volunteer program (which was not spearheaded by me, but was hanging out there).

Thank you,

-Kevin

From Dale (Ombudsman)

Dale told Sue Theriot and Gerry (twice) that she has no reports that require the LTG's signature.

From Ruchelle (Finance)

I have met with my staff concerning reports, signatures and direction. The only report that I know that requires signature is the state budget that is done in October.

Thanks.

Ruchelle
