Subject: So enjoyed meeting you and Ann(e), thanks, prayers

Lt. Gov. Bryant,

Lynn and I really enjoyed meeting you and Ann(e) last night at the Robles' clubhouse for the Meet & Greet. You make an impressive team, and my hat's off to your wife for traveling with you and showing her support. It really is a powerful witness and message of solidity and solidarity. It does your candidacy well.

Thanks for fielding my questions so generously, and for the referral to Jeff Schilz. I hope to contact him soon, and forward a proposal regarding my program to aid colleges & schools with retention to you soon, as you mentioned. (Thanks for taking a look at it.)

As promised, I am praying for wisdom for you, for the way you identify with Christ publicly, which I think is very praise-worthy. I can understand your concern. I am also praying for your campaign, and your mission beyond the election. As Lynn said, thanks for fighting for the right to life for the unborn, and for our other constitutional rights. Good luck on Tuesday, and God-bless.
