You must be reading my mind. I just spoke to a ranger at Paris Mountain State Park. I am waiting to hear from other rangers, though. They are out on their parks and not in the office much. Cathy at Paris Mountain says.....the rosebay rhododendron blooms around Father's Day (really all during the month of June, but frequently peaking by Father's Day mid-June). Rosebay is our main rhododendron, and there is a lot of it in the South Carolina mountains. For more info, feel free to contact our mountain parks directly. All numbers/emails can be found on our website at www.SouthCarolinaParks.com
