Subject: Please No Refugees

Dear Governor Haley,

I am writing to ask you to please not allow refugees into South Carolina at this time. I pray every day for you, for all of our leaders to have wisdom in these dangerous times. Now, with all the evil that is marching across this land, is not the time to open our doors. Yes I realize not all of the refugees would pose a danger yet now is not the time to take chances on those that wish to do us harm slipping in amongst the innocent. Please Governor Haley, please say no.

Sincerely,

Michele Owens
