I completed an online complaint form with SC Attorney General Office on 12/28/2014 regarding barred from applying. I spoke with Lisa in SC Attorney General on 12/29/2014 and she stated that she have received and read my complaint but it needs to be handle by SC Inspector General Office. Lisa provided a phone number to SC Inspector General Office where a call was place. I was unable to speak with anyone at SC Inspector General Office but completed an online complaint form regarding barred from applying. I am still waiting on a hard verification of when barred from applying took place and the person that place it on my account which none has been provided since July, 2013.

I am determined to not let the state of south carolina get away with this crime that has damaged my name.
