David –

Are you trying to reach me? I am on a phone call on the other line. I can give you a call back in 10 minutes. It looked like the Richland County number coming through.

Subject: Governor's Request

Dear Richland County Recreation Commissioners and David:

Thank you for your follow up through Mr. Stringer this week regarding the Governor's October 19th letter.

For clarification purposes, the Governor requested complaints the RCRC Board received regarding Mr. Brown from employees or former employees since December of 2015. The complaints we are requesting include any sent directly to the Recreation Commission or Richland County Ombudsman, whether addressed to the Commissioners directly or forwarded to the Commissioners' attention. This request also includes complaints you may have individually received either at your home or through other means.

I have enclosed the complaints provided by a portion of the Richland County Delegation, as requested. Initially the Governor requested the Richland County Recreation Commission provides complaints since December of 2015. However, there are submitted complaints from August and December of 2014. As these complaints go back to August of 2014, please expand your search to provide complaints you received since August of 2014.

Thank you for your time in this matter.

Richele
