

Dear Governor Hailey,

12-16-14

My name is Cynthia Green Buff and I'm an inmate at Greenville County Jail. This is the very first time that I have ever been in trouble the last few years have been rough for me and after my mom passed away last Dec. 8, 2013 I went down the wrong pass and got on meth and now me and my childhood sweetheart are both in jail.

I'm begging for your and the state of SC to forgive us and if there is any way that you could see fit to release us.

Johnny has never had drug charges before and there is a lot of info that we could both give you about drug in the jail here. Cops on the take in Mauldin were we like and we have tried telling the Solicitor here but aren't getting anywhere. I will do whatever it takes to be home for Christmas.

Please find kindness in your heart to help us.

Thank you  
Cynthia Green
