Mike Hallie

from: Republican Sarah Stone

Are you and our Republican  
Head Honchos on the Democratic  
payroll. You could not be more  
beneficial to that party than  
you are being now.

Have you decided to concede  
to Hilary - it seems that is your  
plan.

Trump is the only winner we  
have - none of the others have  
a chance against Hilary. She  
is tough & evil. I thought it  
was the Republican purpose was to  
defeat her - now it seems other-  
wise. There been a republican  
since Strom & can't believe the  
parties deviousness.
