Subject: Prescription Drug Abuse Task Force

Katherine, Haley
I have read the report of the Governors Prescription Drug Abuse Task Force and have been discussing its findings with Drs Louis Costa, Stephen Gardner, and Daniel Saad (my constituent) about the issue. I would like to work on drafting legislation to be pre-filed in December to address some of the recommendations and would like to work with you on this. At your convenience I would love to meet with you all and discuss. Hope you're having a great summer! Phyllis
