**Subject:** senior website advisory committee

---

Nanette and Tony,

Here is a list of the folks we discussed as candidates to serve on the website development advisory committee:

- |  |                  |  |
|--|------------------|--|
| 1. Patricia Phillips   | Palmetto GBA     | SOS board and "expert" on consumer websites        |
| 2. Tony Kester   | Office on Aging  | expert on aging services                           |
| 3. Sandy Hyre  | DMH              | LTCTF and training modules                         |
| 4. Stephanie Blunt   | Trident AAA      | LTCTF, SOS board and AAA service expert            |
| 5. Tina Spears   | Caring, Inc.     | in home care provider, represent service providers |
| 6. Nanette Edwards   | ORS              | procurement and other legal issues                 |
| 7. Roy Smith   | DHHS             | long term care programs                            |
| 8. Patrick Cobb  | AARPSC           | marketing, public relations                        |
| 9. Pam Dukes   | Senior Resources | Council on Aging service provider                  |
| 10. Someone from disability advocacy community – I am thinking someone from the USC Center for Disability Resources (part of the School of Medicine) |                  |  |
| 11. Maybe someone from United Way 211 since they run a referral program  |                  |  |

Others to provide technical resources, as needed:

12. Two Office on Aging staff who currently work with SC Access (and other OOA staff as needed)
13. Eleanor Stein – Institute of Medicine and Public Health – has broadest understanding of all moving parts because she staffs the IMPH Long Term Care Task Force
14. Coretta Bedsole – AARP SC
15. Gloria Prevost – Protection and Advocacy for Persons with Disabilities

I am thinking from a process perspective that we ask Dukes Scott to officially appoint the advisory committee. Thoughts? Please let me know what you think. Do we need to discuss further?

I am copying Eleanor Stein from IMPH to see if she has any comments or suggestions for other groups that need to be at the table at some point in the process.

Thanks,  
Coretta
