EOC to host two Teacher Appreciation Nights for Martin's Math Club Teachers

Martin's Math Club, Season 3 is rolling along with many SC teachers and students participating in the program! The contest provides the opportunity for teachers and students in grades Kindergarten through 8th grade to win two tickets to a University of SC Men's Basketball team home game. With assistance from South Carolina math educators, the EOC has published 27 standards-based lessons for K-8th grade that incorporate math and basketball.

This season, the EOC will host two Teacher Appreciation Nights where teachers can invite a guest and watch the game from a suite in the Colonial Center. Teachers are chosen from those who participate in Martin's Math Club.
