Here are 6 things you need to know about the Iran deal right now.

robert –

Iran is a radical fundamentalist government that **hates America, hates Israel, and defends our worst enemies**. We can't trust them. This deal was a mistake from the minute we sat down at the negotiating table and I'm asking patriotic Americans to express outrage and aggressively fight against this deal

Here are 6 things you need to know about the Iran deal *right now*:

1. The United Nations, European Union, and the United States "will produce **the comprehensive lifting of all UN Security Council sanctions** as well as multilateral and national sanctions related to Iran's nuclear program, including steps on access in areas of trade, technology, finance and energy." Banking restrictions on Iran will end and trade will resume giving Iran a cash windfall it can use to fund its illicit activities, including funding of terrorism.
2. The international **arms embargo on Iran will be phased out**. This includes end points to sanctions on Iran buying and selling conventional weapons and deadly ballistic missile technology.
3. The deal **rewards Iran with benefits no other state would gain** under the Non-Proliferation Treaty.
4. Iran has agreed to nuclear inspections – but certainly not 'anywhere and anytime'. **Military sites are not included** in the deal in any real way and many sites will remain hidden to inspectors. Furthermore, Iran has up to 3 weeks to approve inspections at facilities not on a pre-approved list.
5. If Iran cheats, the United States and EU must engage in **dispute resolution** rather than re-implementing sanctions.
6. Patriotic Americans everywhere need to oppose this rotten deal

It's unthinkable – the United States is guaranteeing the world's largest state sponsor of terrorism an implicit recognition of its right to enrich uranium. It will go down in history as one of the worst diplomatic blunders unless it is stopped.

If you think this is an outrageous surrender by the United States – I need your support right away.

With this deal in place, *Iran will use its nuclear ambitions to blackmail its neighbors in the region and attack Israel* – either directly or through terrorist groups they bankroll like Hamas and Hezbollah.

I won't stand for it, and I hope you won't either. Click here now and help me get this petition into the hands of patriotic Americans everywhere.

We have to be stronger than our leaders. We need to stand firm on rejecting this deal.
