Subject: Governors Seal Art

Amy,

Attached is a pdf of the progress made on the Governors Seal.
I havent received a gold seal for reference. I was hoping it might provide me direction on the palm fronds, the arrows and the tree trunk details.
I dont know if the fronds are sharp tipped or rounded. Or just exactly what the tree trunk detail looks like.
Any help appreciated.
Otherwise it matches the original sent.

The work done is in Illustrator, so it can be enlarged infinitely without detail loss. And can be saved in all other formats needed for print, signage or digital.

Thanks and I look forward to your feedback.

Jeff
