Subject: Re: Great to meet you

Dear Tony, John, and Christian,

Hope you're well. I wanted to briefly follow-up on my note below (John and Christian, apologies for not including you on the original email) and see if we can schedule a time to discuss our early learnings from vetting a Nurse Family Partnership Social Impact Bond as well as the State's goals and objectives for this financing. I hope we have the opportunity to connect.

Best,
Tracy

Subject: Great to meet you

Dear Tony,

It was a pleasure meeting you, albeit too briefly, at the White House Pay for Success event. We are encouraged by the momentum for Social Impact Bonds and the excitement among states, such as South Carolina, to lead the charge.

I would love the opportunity to connect further and share more detail about our organization, our work with Joe Waters and Megan Golden, and our work to date with the National Service Organization (NSO) team on vetting a potential NFP SIB. Most importantly, we would love to better understand the State's goals and objectives for SIB financing.

Steph (cc'd) can help schedule a time on our end. Hope to speak soon.

Best,
Tracy
