Subject: another budget interest

Sen. Peeler said he forgot to mention this to you – and asked that I let you know. In DHEC’s budget the House insisted that there be an additional \$200,000. The money was unaccounted for but we were told it was “for handling all of the pass through money”. If pass-through money is nothing more than writing a check to someone – why does DHEC need \$200,000 to do that!!

Thanks!  
Martha
