Curtis Loftis urges lawmakers to make pension debt their top priority!

In a recent interview with WIS-TV, Treasurer Curtis Loftis said that the pension debt should be the General Assembly's top priority when they return in January. *"This debt will affect every citizen of our state. It will impact every tax they pay and every service they use. The Legislature must address the pension plan first and the gas tax second. The pension plan is the pothole you can't see,"* says Loftis.
