Subject: additional request from SHAC

October 23, 2013

Dear Mr. Baker:

Thank you for speaking with me yesterday regarding the additional request made to the SC Human Affairs Commission regarding last weeks budget presentation. As a result of our conversation yesterday, it was my understanding that you were hoping for the Commission to match the 6 Goals that the Human Affairs Commission is attempting to achieve to the program area in our budget request. Attached you will find each of the stated goals and the program area to which corresponds to our budget request.

Please share with me if this is not what you desire. We certainly want to comply to your request in the proper manner to which you are seeking.

It is important to Commissioner Buxton that the Commission comply properly to your request, and he would like to meet with you briefly to deliver the Human Affairs Commission's official reply to you. Prior to that meeting, if you could let me know if I need to make changes to the attached document, I would appreciate it. In addition if you could provide to me a time that the Commissioner and I could personally meet briefly with you, it would be appreciated.

I will be working out of the office from noon to the end of the work day today, and tomorrow I will be in meetings from 10:30 until 3:30 P.M. Other than those times,

Thank you for your assistance.

Sincerely,

Dan Koon
