Delbert,

Thank you for providing, pursuant to Mr. Sloan's FOIA requests, the two long lists of claims that DOT paid related to water on the roads and hydroplaning and other causes.

We have narrowed the focus of our interest to the following cases:

10-CP-38-1060

11-CP-04-1910

12-CP-14-0086

14-CP-43-2540

Please provide copies of the following documents related to these cases:

1. all complaints and amended complaints;
2. all orders, judgments, stipulations of dismissal, or the public record that concluded each action; and
3. any settlement agreement related to these actions.

If we receive these materials by February 5, we will deem both FOIA requests satisfied, and we will terminate the lawsuit related to these matters.

Sincerely yours,

Jim Carpenter

Jim,

Attached is the report for 2010-2016 that you requested for your second FOIA request dated January 25, 2016. Please note that the report before and the one attached are both for claims that were closed during those time periods (regardless of date of loss). Also there is an overlap of the claims closed in 2010. As before, please let me know the complaints your client is interested in.

Additionally, the estimated cost for providing the copies for the original request is \$781.00. Prior to processing the original request, we will need a deposit of \$390.50. A check or money order should be made payable to the State Fiscal Accountability Authority.

Please let me know if you have any questions.

Delbert,

Thank you for the loss report for the DOT. We have reviewed it. We notice that it covers claims from 1997 through 2010. Please send us a similar report for claims from 2010 to the present. I understand that this is in addition to the documents originally requested. Please consider this a new request under the Freedom of Information Act.

By the way, after we sent the original written request to the Governor, we sent a similar request to you a few days ago. We do not have the green card back (return receipt), but we do have a report from the online US Post Office source that the letter containing the request was delivered to your office. You should have received it last week. Please let us know if you have not received it, and we can email you another copy.

Thank you for your assistance. Please call me if you wish to discuss this.

Jim,

Attached is a copy of a loss report for DOT that we believe contains information that falls within your request. As you will note, the report contains more than 17 claims. Upon review, please let me know the 17 claims you're interested in.

Delbert,

Mr. Sloan found a report entitled, "The Relationship of SCDOT Damage Claims and Lawsuits to Roadway Engineering Safety Issues" issued by Clemson University in 2010 or shortly thereafter. I found a copy of it on the Internet by Googling that name. The report, with appendices, is 208 pages long.

For your convenience I attach a copy of the title page (which is the first page of the report) and Appendix G (which is at the end of the report).

Appendix G under "Cause Code" lists "Water on Road Surface" as the third most frequent Cause Code and shows 23 lawsuits and 17 payouts costing more than \$2 million.

This is the document that prompted our FOIA request.

I hope this helps. We look forward to your response.
