Subject: Got Votes?

Just imagine! 1000 troopers/DPS sworn officers, their 3-5000 family members, friends/church members of those 6000, Every community has a fire department, each with 20-40 members, Sheriffs and Police Depts in all counties in SC (the brotherhood of law enforcement) and THEIR families/friends, EMS and Rescue Departments and THEIR family and friends. 100,000+ votes waiting see exactly who has their back. Google TROOPERS FED UP. Fire and EMS are affected by trooper shortages and long response times. They stand with troopers.

Not to mention ALL state employees (largest employer in state). They are watching to see who has their fellow State Employees backs. A huge pool voters who see what is happening to their fellow state employees and who would have their back if the same thing happened to their agency.

It begs the question...Why are you silent on the DPS issue. The facts are in. 3+ hearings before the House Oversight Committee, the Inspector Generals investigation, Many news stories, protectourstroopers own investigations (see attached).Governor McMaster stated recently that he is measuring twice and cutting once. In fact, he has measured SIX times and cut NONE.

Why you silent? Please take a public stand. Stand with the Troopers. Forcefully let them know you care. Check

out the archive videos at Oversight Committee site. Look at news stories. check out the attached.

No more measuring is necessary. Take a stand if McMaster won't.
