# Smart Cities Now

The world's go-to source for smart city news & trends

## What's your cybersecurity IQ?

How well do you understand the latest security threats? Cisco's new midyear report finds more IT departments are falling behind. Click the headline to take a quiz and see how you stack up (and get tips for guarding against the latest threats).

## 3 inspiring cities get water smart

The number of cities struggling with drought seems to grow each year. Think you're safe? The odds aren't in your favor. Learn about three Veolia projects that are helping cities prepare.

## Verizon IoT Smart Cities Seminar lands in Little Rock Aug. 11

This three-hour morning event highlights smart cities solutions available from Verizon and its solutions providers. Keynote speaker is Louis Zacharilla, co-founder of the Intelligent Community movement. Click the headline for registration details.

## A smarter approach to smart parking

With the latest addition to its expanding smart cities portfolio, Civic Resource Group International takes smart parking to the next level with an application that can connect various smart city components. Get the details.

## Feeling the pain of electric utilities

A new report from Black & Veatch offers a detailed look into today's electric power industry. Understanding what the report calls a 'perfect storm' of challenges facing electric utilities can help cities be better prepared. Click the headline to find out why.

## Get your free visitor pass to the Smart Cities Week exhibition

Smart Cities Week is just weeks away now -- running Sept. 15-17 in Washington, D.C. With a free visitor pass you'll have access to the exhibition hall and an opportunity to see live demonstrations of smart technologies that are transforming cities in remarkable ways.

## Electric cars in the real world

We are proud to have these leading global companies as Council Lead Partners...
