SUSAN E. VOSS

Dear ~~thelma~~ Helmy -  
Have you saying what so many  
of us feel! Get's talk facts!  
and in a tone of civility. I  
am a life long democrat from  
your (old war. Recently in your  
state on business) and I couldn't  
agree more with you. We need to  
stop criticizing people who "were

the rise "to kind common  
ground to solutions. I fear  
all the media makes us out  
to be so concerned. That's not  
what our country has been or  
should be! Thank you for  
your remarks would.

I was impressed by your  
thoughtful remarks!

Sincerely,  
Susan & Val
