Madame Governor,

My name is Janice Baines, a teacher with an after-school reading program at The Salvation Army of Columbia, South Carolina. Our program aids elementary children who have fallen behind in their reading skills; we strive to instill a passion for reading and writing. We recently asked each of our children to write a letter to a woman whom they regard as a positive influence in their lives. Some of our children chose to write the Governor because of your ardent, perseverant character, and we included their letters in this envelope. Our students take great delight in writing to the Governor of South Carolina; they would equally rejoice in receiving your acknowledgment.

With warm regards for your exemplary leadership,

Janice Baines
