**johnen0907** Spent a lot of great times camping on Hunting Island as a young boy and as a grownup. Beautiful place. It was kind of sad though to see the original camping area washed away by the ocean though it seems to have deposited all that washed away onto the other side of the island. Still a beautiful place! Smiling faces and beautiful places!

**kiristinbuttercup** We went every April for Spring Break growing up with my family. Late 80's to early 90's. Always stayed at one of the cabins that are gone. Still a beautiful place to visit.
