I have asked our CMS officer about the potential conflict of interest with the Lt. Governor's Office on Aging partnering with both the State Medicaid Agency for enrollment counseling and with individual health plans for direct services provision. Please describe the organizational structure of the Lt. Governor's Office as it relates to the SHIPS and the direct service providers through the AAAs. Are there any firewalls between the two areas? This information will help us address the conflict of interest question.

Thanks,

*Teeshla Curtis*
