I'm hoping that you'll be able to work the same magic with SCBA that you did with Eldercare. And, yes, I think it's ready to go. Just let me know

Darryl brought over the prescription drug take-back PSA yesterday afternoon... I think it looks really good. Have y'all already discussed the distribution method(s)... Ray Sharpe, etc.? Also, I may add to YouTube and send to a few people (like AARP) who will help us spread the message... if this is the "final" version that I have.
