There is a SIZEABLE group of seniors that are living self-sufficient with no assistance but not living on enough to have to file income tax. What can you offer us since we will be buying gas just like those that can afford to pay more for gas and get much of it back with their taxes? My budget allows me 30-35 dollars a month and is sufficient for my many doctor appointments into Greenville and daily living in Simpsonville at this point(with reduction points that take off 5-10 cents a month from Bilos on my gas bill). It seems I would have to park my car and not drive towards the end of each month or somehow "rob from Peter to pay Paul." Please address our group. Don't make your seniors suffer; we have worked hard all our lives and we don't need to suffer from your hands.

PS There are those on assistance with the same difficulty.

Thank you,  
Doris MacInnes
