"Dr. Sonny White is a dear friend of South Carolina and we could not be more thankful for his service at Midlands Tech. Dr. White has always been at the forefront of combining education with business to improve the workforce for all individuals in South Carolina. He is an example to every technical school president, every university president and every leader in South Carolina of what it means to take a mission and move the job forward. Dr. White has taught us what it means to never stop envisioning all that is great for South Carolina. It is a great day in South Carolina because of the gifts that have been given to us by Dr. Sonny White."
