Subject: B&CB chart

Attachments: Main Org Chart v2.pdf

---

I am attaching the draft of the org chart that, with all of your input, the Budget & Control Board has been working on.

You will see from the legend on the front page that your new positions are differently colored than existing positions. I hope that we have gotten everything covered that we discussed. I know that there was a conversation with Boyd about the nutritionist position, and I will get with Rene and adjust that if we need to. Please give me your feedback so we can work toward a finalized version. Thanks for all of your help on this project.
