

May 9-16

Governor Haley,

Post Script

My Ex wife goes into the Hospital on the
Twelfth of May for an operation for her
Lung Cancer.

Our kids hope for her speedy recovery,
as I do, However if she does not
make it, at least one of my daughters
will be left to live with their disgusting
Step Dad. this is one more reason to
be free to go home.

Please help us all out.

Best wishes,

Steven Spagnoli
