We knew that when H.3945 went back to the House…it's not in their version.
We worked with the Senate for 14+ plus months – and came up with the "working group amendment" (with bipartisan efforts).
Unfortunately, the House didn't pass the "working group amendment"/ Bedingfield's amendment.

Do you think the House will appoint the conferees on Tuesday if they get the bill back?
I hope you are one of the conferees. Thoughts on who they are?

You guys need to work on them on the independent investigation. I'm already hearing they don't want that.
