Understood. I had this conversation with the Inspector General before the report release. I encouraged him to take a different path, since we do not really operate a school.

So the two questions I would ask are:

1. Is this an FTE position? (If yes, competitive post and salary requirements may have to be considered.)
2. Should we identify an external candidate to be onsite five days a week or is the thinking that we take an existing resource within SCDE?

I want to move quickly to accomplish this and want to make sure we don't go in different directions.

Scott

There was some discomfort regarding DJJ so the thought was SDE since the school has an educational mission

I just got a copy of Proviso 7.5. We're happy to help, but I would like to get some of the thinking behind this language before we do anything.
